

## Assistance Authorization

In order to facilitate and formalize my participation in the OU-Norman [Open Access policy](#), I hereby expressly authorize the University of Oklahoma (“OU”) Libraries Open Initiatives and Scholarly Communication (“OISC”) department and its designated liaisons (collectively, “OISC”) to assist me in submitting material to OU’s open access repository, SHAREOK™ (the “Repository”). As used herein, the term “Assistants” means the staff members, student employees, and liaisons of the OISC which may be a fellow faculty member, college, school, center, lab, or program. I understand that the Repository submission process involves enabling the OISC to obtain a copy of my material, making choices about access and other matters, and signing a SHAREOK™ distribution license and University Agreement (i.e. a Repository-based license). **I hereby expressly represent and acknowledge that I have reviewed the OISC Agreement below and the information about current OISC procedures for depositing and posting articles in the Repository.** I hereby expressly authorize and grant permission to the OISC and its Assistants to act for me in submitting my Material(s) (Item(s) of research and/or scholarship intended for publication in academic journals) to the Repository, including signing Repository-based agreements on my behalf, and taking any other action for me in connection with the Repository, with the same effect as if I had taken those actions myself. In addition, if I am an OU-Norman faculty and/or a member of an OU-Norman college, school, center, or program that has adopted the OU-Norman open access policy, or opted into an Individual Open Access License, this confirms my grant to OU of a nonexclusive license with respect to my scholarly articles as set forth in that policy.

SHAREOK™ submission requires that authors enter into a simple distribution license regarding the deposit, distribution, and use of the item being submitted.
